

NOTICE TO MARINERS L25 of 2018

GRAVESEND REACH FLOODGATE REPLACEMENT WORKS GRAVESEND CANAL BASIN

Starting on 12th November 2018 in-channel flood gate replacement works will commence on the lock for the Gravesend Canal Basin.

The majority of the works will take place at low tide with a temporary cofferdam being installed. For this reasons a 'Proceed with Caution' will be issued by London VTS on VHF Channel 68 asking passing vessels to minimise their wash.

Navigation through the lock will be managed by the on-site team on an ad-hoc basis.

Works are expected to last for approximately 12 weeks.

For the latest information contact London VTS on VHF Channel 68 or by telephone on 01474 560311.
