

NOTICE TO MARINERS M6 of 2021

WANDSWORTH REACH WANDSWORTH BRIDGE SCAFFOLDING

This notice supplements NTM M54 of 2020 and supersedes NTM M62 of 2020 which is cancelled.

Contractors working on Wandsworth Bridge refurbishment will continue to erect scaffolding in no 2 arch of Wandsworth Bridge which will remain open but with restricted channel width and reduced height. The erection of scaffolding should be completed by the end of March and will be in place for about 10 months. Scaffolding working hours will be 0730 to 1730 daily with alternate weekends without work.

Please see the figure below depicting the completed scaffolding. The section between the stripped tiger boards will have the headway reduced by 600mm. At all times Vessels should only navigate between the two Tiger boards.

Phase 1 The scaffolding will continue to be installed from the North Pier and South Piers towards the respective Tiger board.

Phase 2 Scheduled from the 8th February. The scaffolding will be installed from the North Tiger Board towards the South Tiger board.

Bundles of straw and a fixed white light will be suspended in the scaffolded areas to indicate the reduced height.

Safety Boat EDDIE C or ALPHIE will be on location during working hours and will advise the scaffolding contractors when vessels are approaching and again when clear of the work, in order to avoid dropped objects onto vessels.

The attending Safety Boat will also maintain a watch on VHF Channel 14.

Further details will be broadcast by London VTS on VHF Channel 14.
