

NOTICE TO MARINERS U6 of 2021

RICHMOND LOCK AND WEIR DRAW-OFF 2021

Weirs open Monday 1st November to Friday 26th November

In order to carry out essential maintenance works on Richmond lock, weirs and sluices, it will be necessary to lift the weirs at Richmond for a period of 4 weeks. This will allow the river between Richmond Lock and Teddington Lock to drain down at low water on each tide.

The Draw-Off period will commence at approximately 13:30 on Monday 1st November and will complete at approximately 08:30 on Friday 26th November 2021.

During this period river users are reminded that the river will **NOT** be maintained at the nominal level of 1.72m above Ordnance Datum Newlyn and it is expected the riverbed will be exposed at low water.

Owners of boats and structures usually moored between Richmond Lock and Teddington Lock should act in good time, either to move their boats to more suitable moorings or to assure themselves that the boat is capable of taking the ground. Short term moorings are of limited availability in the upper district.

River works licence holders and riparian landowners are reminded that any interference with the foreshore such as dredging, excavating or disturbing the riverbed requires a licence from the Port of London Authority. Environmental legislation provides for very high levels of fines when licensing requirements are not strictly adhered to.

Persons navigating through the weirs and upriver of Richmond Lock must do so with great care, with regard to people working in and around the Lock and weirs. Weirs may be raised and lowered at various times for maintenance purposes, requiring arch closures, arches closed to navigation will be marked in accordance with the Port of London Authority Thames Byelaws 2012 as depicted and by night lit with three red lights in a downward triangle.

Persons in charge of vessels are reminded to be aware of their wash, as boats and structures may be grounding during the low water.

Further information will be broadcast by **London VTS** on VHF channel 14.
Contact Richmond Lock on telephone 020 8940 0634 or VHF channel 80.
