DATE: 09th September 2010

PLA Chart No. **327**

H.O. Ref.: **113-327-131**

Correction No. **5**

Chart: **Halfway Reach**

Re-Issue of Chart 327

PLA MS Chart 327 **Halfway Reach** has been re-issued to include the following corrections –

1. **Revision of Depths:-** A survey was undertaken in the vicinity of Southern Outfall Jetty (Thames Water Utilities), soundings and contours updated as required.
2. **Changes to Topography:-** Charted features have been updated based on observations and existing Ordnance survey Mastermap data. Note The new Borax Jetty has been charted. The Southern Outfall Jetty and Amey's Jetty have been annotated on the chart.
3. **Revision of Depths:-** A survey was undertaken in the vicinity of White Mountain Jetty, East Jetty, Dagenham No.4 Jetty and Amey's Jetties, soundings and contours updated as required.
4. **Revision of Depths:-** The soundings and contours in the vicinity of Ford's Ro-Ro Jetty and Sandwave Shoal abreast of the jetty on the North Channel Edge (MM 12.2) have been updated.
5. **Changes to Anchorages:** Both Halfway Reach anchorages have been expunged from the chart.
