On or about Tuesday 20<sup>th</sup> November 2023, for a period of up to 2 weeks GPS Marine and Civil Services Ltd have been contracted to install a temporary berth at Minerva House. This berth will then remain in place for 2 years to facilitate ongoing marine logistics during construction works at Minerva House. Working hours are expected to be 07:00 to 18:00 Monday to Friday and 08:00 to 13:00 Saturday.

During works the campshed will be dredged and a temporary berth constructed, utilising a combination of barges, crane barges, and tugs.

Requirements to proceed with caution or at slow speed will be made in accordance with the procedure set out in the Port of London Authority's [Port Information Guide](#), under 'London VTS', 'Section 4'.

Masters of passing vessels should have due regard for the effects of their wash including the possibility of rebound from the river wall and the combined effect of wash from other vessels.

The safety boat GPS MUSCA will be on station during working hours and maintain a listening watch on VHF Channel 14. Further details will be broadcast by London VTS on **VHF Channel 14**, as required.
