While every effort will be taken by the organisers to keep to the above timing, these should be considered as approximate by mariners.

Each race will consist of two 'eights' racing with the flood tide from the University Stone at Putney to the Boat Race finish post at Chiswick. These sessions will be followed by up to five launches.

Vessels navigating in the area during these times should take note of the following:

- Whilst rowing vessels will be racing, the rowing vessels and following launches are required to navigate in accordance with the International Regulations for Preventing Collisions at Sea, 1972 (COLREGS).
- Whilst racing vessels may be traveling at speeds up to approximately 10 knots.
- Motor vessels in the area are to be aware of the race and are to navigate with caution, keeping wash to a minimum.

Further details will be broadcast by London VTS on **VHF Channel 14**.
